

Yuuki TSUKIYAMA

Rafter Fiction

Galerie Ashiya Schule is pleased to announce the solo exhibition by Yuuki TSUKIYAMA from 5th Dec 2015 until 23rd Jan 2016. His works are created to seek the essential from the view of exclusion and reception. What appears to be a real rhythmical complexion is a collection of excluded materials. Fiction and reality melting into original images, the energetic exhibition pursues the potential of sculptures.
